vermaamanmr@gmail.com Prayagraj, UP

PROFESSIONAL SUMMARY:

Dedicated Java Backend Developer with strong expertise in Java, Spring Boot, and RESTful API development. Skilled in optimizing code quality and system architecture, leveraging advanced tools, including generative AI, to drive efficiency and scalability. Known for analytical problem-solving and effective teamwork, with a commitment to learning and integrating emerging technologies to deliver robust backend solutions.

EDUCATION:

Java Backend Development Masai School, Bengaluru Bangalore, Karnataka	April 2022 - May 2023
Bachelor of Arts (English Literature) University of Allahabad Allahabad, UP	July 2020 - January 2023

TECHNICAL SKILLS:

Java | Spring Boot | Spring Security | RESTful APIs | MySQL | MongoDB | JavaScript |
Systems design | Data Structures & Algorithms | Microservices | C++

WORK EXPERIENCE:

Wishfy Technologies Pvt. Ltd. Software Developer	July 2023-present
<ul style="list-style-type: none">Designed, developed, and maintained server-side logic using Java to ensure the functionality, performance, and scalability of web applications.Created robust and secure APIs to facilitate seamless communication between frontend and backend systems, enabling smooth data exchange.Implemented and optimized database interactions for efficient and reliable data storage and retrieval, ensuring application reliability.	

PROJECTS:

ShopEasy - Online Shopping App

- Developed a sophisticated online shopping platform using Spring Boot and Java.
- Designed robust RESTful APIs for seamless integration in digital commerce.
- Implemented essential features like product search, add to cart, and inventory management.
- Utilized MySQL for database management, ensuring efficient query handling.
- Individual project demonstrating expertise in Java and Spring frameworks.

Tech Stack:

JavaScript | RESTful APIs | Git | Java | Spring Boot | MySQL

CERTIFICATIONS:

Diploma in Communication - Freedom Employability Academy
Learning to speak English is one of the best choices of my life. If we want to connect with more people in the world, we need good communication skills, and that isn't possible without language.
